

Information Note

Number: 20-01

Published: 24/11/2020

Subject: Request for Safety Alerts

Request for submissions and sharing

The Marine Safety Forum would like to kindly remind all our subscribers that as we as a forum rely on submissions from our members companies and subscribers to share safety alerts, information on good practice and other such material. Our primary aim is **“to improve safety within the marine sector of the offshore energy industry”** and we can only do that with your help.

As you will see from the below statistics on our published safety alerts, we have been very short on numbers for 2020 and encourage you if you have internal alerts or a note on good practice that you consider sharing them with us so that we in turn can help spread that message to the wider industry.

Submissions can be emailed to secretary@marinesafetyforum.org and will be anonymised before publishing on the MSF website.

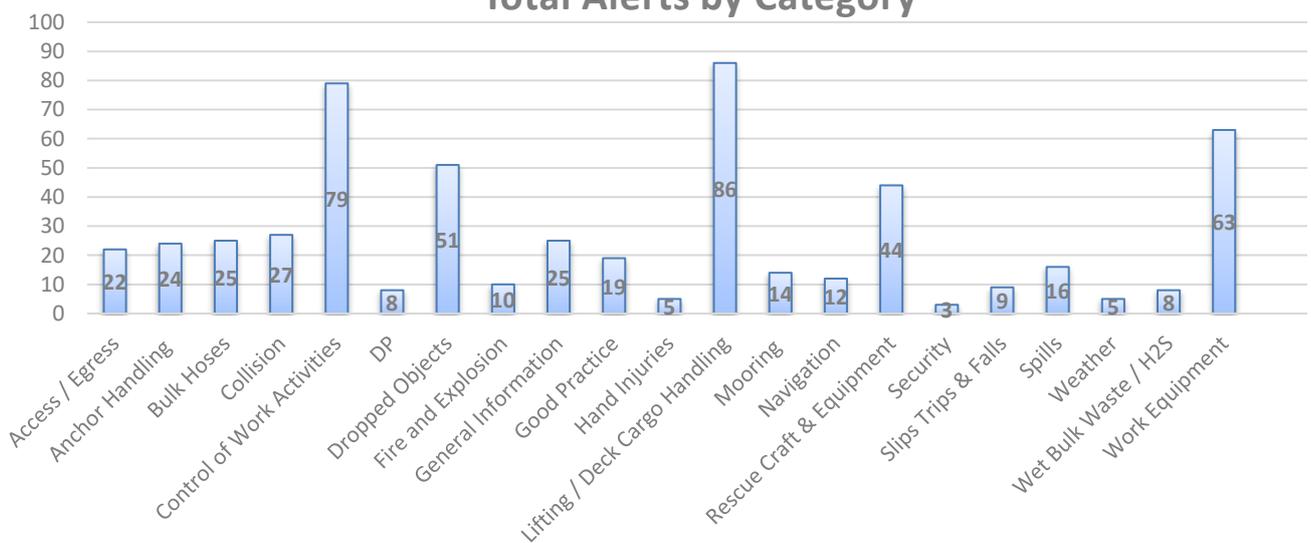

A few minutes of your time to share a safety alert and/or lessons learned may just prevent someone else from being injured.
